Lenovo ThinkCentre TIO Flex 22i computer monitor 54.6 cm (21.5") 1920 x 1080 pixels Full HD LED Black:

The flexible compatibility of the new ThinkCentre TIO Flex makes it the perfect solution for your existing infrastructure while supporting future upgrades and expansions. Engineered to efficiently stow the Tiny 1L PC, this latest Tiny-in-One comes standard with one of four different 22" to 27" ThinkVision monitors, breaking the TIO industry mould. Now with an elegant design that presents a clean aesthetic from both the user and customer perspective, including an efficient cord management system and mobile phone dock, the ThinkCentre TIO Flex refines the modern workspace. One-step installation with any current generation of Tiny—and those yet to come—keeps things simple, as does the single button to simultaneously power up both the Tiny and monitor..
