

Ortronics
Q-Series Keyed OFP Adapter Panel 24 Fibers, Brown
Part No. OFP-LCD24ZC-J

Q-Series Keyed OFP Keyed front Keyed Rear Adapter Panel, 12 LC Duplex Adapters, 24 Fibers, Brown

Features & Benefits

Up to twelve unique keying options/colors for a wide range of network security systems, easy identification and network management. A universal option is provided for keyed LC adapters. Keyed LC patchcords are also available. Up to 72 LC fibers per RU

Keyed LC adapters have the option to be keyed in the front only (user's side) or on both sides (user's and technician's) depending on the security requirements. Made of durable polycarbonate

Legrand keyed LC solutions provide physical separation of multiple networks for high security applications. Color coded keys allow easy identification and facilitate network administration. 6, 8, 12 & 24 port panels

Keyed workstation adapter modules are available for TracJack and High-Density Jack (HDJ) style Face plates and surface mount boxes for complete system design flexibility. Available in, LC, SC, ST and blank styles

All Legrand keyed LC fiber products are engineered to be compatible with other Legrand products to provide an end to end, data center to desktop solution. Zirconia ceramic sleeves for optimal performance

Color options available
